I have a sensory integration disorder, which is a medical disability that causes me not to be able to wear a mask or a face shield. I carry around a doctor's letter (attached)

to
that effect, that also states that I already had
Covid, which would indicate
that there is no significant health risk, as the CDC
clearly states that covid reinfection is rare
I have already flown several times without a mask on
airlines that agreed to accommodate me.

CDC Guidelines and federal laws exempt someone like me
from wearing a mask. Additionally, DOT instructed the
airlines to allow people like me to fly without a
mask.

Federal ADA laws require that you provide an
accommodation for disabilities.

I would like to travel on your airline.

Can I travel on your airline without a mask?

Or can you provide an accommodation that will allow me
to use your airline?

Thank you in advance.
